the House of Delegates.

Whereing Dec. Sth, 1868.

I have visited Dr. Lighthill at the McLure House and obtained his treatment for the cure of Deafness and noises in the ears, with which I have suffered for four years; and can say that I have been greatly benefitted by its use, although I have applied it but twice, and that the treatment is perfectly painless and calculated to produce permanent and beneficial results.

H. D. McGeorge,

Morgantown, W. Va.

Well Attested Cure of Catarrh. DR. A. P. LIGHTHILL—DEAR SIR:—Your treatment in the cure of my Catarrh has had the desired effect, and resulted in permanent good to me, although my case has frequently been pronounced incurable, and I had extend the least benefit. My case was so chronic and troublesome, that by giving a few of the symptoms the value of your treatment can be more readily estimated. For years I had been affilted with a constant cold in the head, obstructing my breathing so as to necessitate me to keep my mouth open during sleep; latterly the discharges became solidified and impacted in my nose to such an extent that it required the greatest exertion to expel them. Sometimes these haraesel lumps would get in my throat causing me to hawk and scrape even by the hour to relieve myself. My breath was offensive; my memory became impaired. Dizziness and light headiness made their appearance, and of late symptoms of paralysis stepped in, and when I placed myself under your care one side of my face was badly affected by this dread disease. My general health suffered alike, there was a constant thred, drowsy and debilitated feeling, with no energy to move or act; I felt astired on rising in the morning as I did on going to my bed, my appetite was capricious and my disposition morose. In that condition I placed myself under your care, and am happy to state that all those disagreeable and dangerous symptoms bave entirely left me, and I once more enjoy the benefits of good health.

By giving this publicity you will benefit others similarly affected and oblige me. Yours truly,

Brookville, Jefferson county. R. A. P. LIGHTHILL—DEAR SIR:—You timent in the cure of my Catarrh has had

LETTER FROM CAPT. SILAS F. MILLER, Proprietor of the Burnett House Cincinnati.

WO MY FRIENDS AND THE PUBLIC:

It affords me great satisfaction to be able to testify to the success of Dr. Lighthill in the treatment of deafness, and express my sense of obligation to him. My hearing has been impaired for a number of years, at times to such an extent as to embarrass me seriously. Dr. Lighthill, under whese care I placed myself, has removed the difficulty completely, and restored me to perfect hearing.

WASHINGTON GOSSIP.

The rush of office seekers at Washngton continues without abatement. Every hotel in the city is full from cellar to roof, and so are the boarding houses. There are incredible numbers after every appointment. For one particular clerkship there were some days ago no less than a hundred and fifty applicants. Every appointment made sends home a car load of disappointed men; but appointments are almost at a stand still; and so the number of hungry expectants grows apace and the cry is still they come. One nember who had been sick in bed for two days, and was put under the inluence of chloroform, asserts positively that when he became conscious there

One shrewd Senator who canvassed the situation a week ago, and vassed the situation a week ago, and looked over the ground again a couple of days ago, and says he can't find more than four or five majority that way now, at the most. Everything just now in Washington, is of minor importance, as compared with the Tenure-of-Office matter. The interest in Congress, in departments, at the White House, on the street and of the bottle which are overrun with at the Mhite House, on the street and at the hotels, which are overrun with people, centers on the discussion daily going on in the Senate, on the probabilities of the repeal of the law. GENERAL NOTES.

-The appointment of General Parker as Indian Commission, if it should take place, would be a curious one, for the reason, as the It chester Chronicle observes, that he is . decendant of the Chiefs of the Seneca nation, having the real Red-Indian blood in his veins. Craving your indulgence for a brief reply, I see by your issue of Thursday last, Mr. Williams, the Superintendent when a general charge will be made at the White House and the several departments. These places are by no means destitute of visitors, for they are daily crowded, but the crowds for months to come will be something unheard of should the Senate agree to repeal the bill. No other subject is alluded to in conversation, and the galleries of the Senate are crowded during the entire day by visitors who desire to listen to the debates.

Trade cannot be justly described as dull for the season, but it is certain that it is not so lively as our jobbers had been anticipating, and the natural result has been a willingness to accommodate buyers by a small reduction of prices in the leading articles of domestic manufacture. It was, perhaps, unsubstate expects an instantaneous tic manufacture. It was, perhaps, unreasonable to expect an instantaneous revival of trade the moment that the inaugural ceremonies in Washington were over; but that seems to have been a pretty general feeling among our dry goods dealers, and their inevitable disappotniment has led to an unreasonable depression, because their anticipations were not fully realized. It is pretty generally understood, however, that the market is by no means overstocked with goods, and that a moderate demand for the leading staples would result in an increase of prices. The larger holders do not manifest so great a degree of impatience to effect sales as the smaller houses.

Hoofland's German Bitters. HOOFLAND'S GERMAN TONIC PREPARED BY Dr. C M. JACKSON, PHILADELPHIA, PA. PHILADELPHIA, FA.
Thirty-five years since they were first introduced into this country from Germany,
during which time they have undoubtedly
performed more cures, and benefited suffering humanity to a greater extent, than any
other remedies known to the public.
These remedies will effectually cure Liver
Complaint, Jaundice, Dyspepsia, Chronic or
Nervous Debility.

Dr. Jackson—Dear Sir. I have been frequently requested to connect my name with secommendations of different kinds of medicines, but regarding the practice as out my appropriate sphere, I have in all cases declined, but with r 10 u s instances, my own family, of Hoofiand's Germy usual course, express my full conviction that, for general debatisty of the system, and especially for Liver Complaint, it is a safe and vatuable preparation. In some cases it may fall; but usually, I donbt not, it will be very beneficial to Those who
